LEPPINGTON PROPERTY MARKET UPDATE

LATEST PROPERTY SALES AND DATA

AUTUMN 2022 community first real estate

LEPPINGTON - AUTUMN 2022

Thank you for downloading our latest Leppington Market Update.

As we approach the end of the financial year, there is plenty of media, political and community interest in where the Sydney property market is heading.

Some of the most frequently mentioned factors that are expected to have an impact on the market this year include:

- Rising interest rates off the back of high inflation
- The federal election
- Global conflict shifting local economic growth

As we progress into 2022, we have already seen, and are continuing to see an increase in the number of properties coming to market. More properties on the market coupled with waning demand means that the average number of inspections and offers on properties has dropped back to a more regular level. This was to be expected.

As the market seems to be returning to 'normal' market conditions if you are selling it is important to ensure your property is positioned and marketed correctly by your selling agent to ensure you get the best result.

As always, I am happy to have a discussion with you about anything property related at any time. If you would like to know more about anything I've spoken about above, or if you are interested to know the value of your property in this constantly evolving market, simply get in touch by either email, text or phone call and I'd be glad to help.

"Michael was a pleasure to deal with, very well informed and facilitated communication quickly and in a very friendly way between buyer and seller.

We are delighted with Michael's work ethic, honesty, and drive to find buyers the houses that they are looking for and ensure that the purchasing experience is smooth and hassle free.

Would recommend to everyone if they are looking for a capable, trusted, and honest real estate agent."
